DORA

*Hurricane Dora continues on her wild rampage. Battering the Northeast Florida coast, with huge waves pouring over the beach at St. Augustine and Jacksonville, flooding wide stretches of that long coastline. Dora -- moving on a northwesterly course with Georgia and South Carolina about to get hit. At Savannah road and homes already flooded. Residents - moving inland.*

## AUTOS

Walter Reuther calls the new contract in the auto industry - "the most historic agreement in the history of the American Labor movement." It goes something like this:~ Retirement benefits - of as much as four hundred dollars a month, exclusive of Social Security. Early retirement - as early as age fifty-five or sixty. A fifty percent increase in relief time - for workers on the assembly line. Also a basic wage increase of fourteen to twenty-four cents an hour - for the three years of the contract. Plus - more paid holidays and another week's vacation for all workers.

No wonder <sup>Walter</sup>~~Mr.~~ Reuther was beaming - as he emerged from that <sup>auto</sup> conference <sup>in Detroit,</sup> ~~with the Chrysler~~  
~~Corporation.~~

GOVERNOR JOHNSON

Not since Reconstruction days, says Democratic Governor Paul Johnson of Mississippi - has that state cast its electoral vote for a Republican Presidential Nominee.

But this year, predicted the Governor at the Mississippi State Democratic Convention - the ~~conservative~~ <sup>GOP</sup> candidate will carry Mississippi with a "tremendous majority". Barry Goldwater - not mentioned by name. But there's no doubt - who has Governor Johnson's support. However Governor Johnson urged the State delegates to put up - only one slate of democratic Presidential electors. And ~~to~~ pledge it to - President Johnson. Not create two slates - one for Johnson, one for Goldwater. He wants the voters to have a clear-cut choice in November, - between the ~~conservative~~ <sup>two tickets,</sup> and the ~~Johnson-Humphrey ticket.~~

## PRIMARIES

The most interesting result of the crop of primaries ~~is~~ is that nomination of Richard Kleindienst - as Republican candidate for governor of Arizona. Kleindienst - ~~was~~ field director of the "Draft Goldwater" Committee before the G.O.P. Convention. Now he seems to have applied his strategy to his own campaign - with equally successful results. A key Goldwater man - in the running for Governor of Arizona.

## LA\_FOLETTE

The statement that Wisconsin has a candidate named La Folette - seems almost like a truism. Haven't there always been La Folettes - in the politics of the Badger State?

Well, not quite - "always." But they've been prominent ever since the ~~powdy~~ days - of Fighting Bob La Folette; The spellbinder who served his state as - Congressman, Senator and Governor, <sup>and</sup> Then ran for President on the Progressive ticket - in nineteen twenty-four; The year - that Coolidge won.

Fighting Bob's son was in the Senate for three terms - before being defeated by Joe McCarthy in nineteen forty. Now - it's the grandson. Bronson La Falotte, Democratic nominee - for state Attorney General.

Still together - Wisconsin and the La Folettes.

## POLICY

U.S. Ambassador Maxwell Taylor was not displaying any pessimism about South Viet Nam as he talked with newsmen today - after reporting to President Johnson in the White House.

He sees no visible sign of a military setback - because of the political crisis. And believes - the anti-Communists are getting stronger. The presence of these extra American military advisers - helping things along. The Vietnamese ~~MM~~ economy good. If it weren't for the Communist rebels ~~MM~~ the country would be prosperous - says Ambassador Taylor.

## ANTI-AIRCRAFT

*Another move reported tonight - in the struggle between Indonesia and Malaysia. Malaysia, says Sukarno of Indonesia, is a tool of British imperialism." Which he -- is determined to crush. This time he has landed -- about a hundred guerillas and forty paratroopers in Malaysia.*

*To counteract which units of the British Twenty-second Light Anti-Aircraft Regiment - have been airlifted from Germany to Malaysia. "A precautionary measure" it's called -- to prevent any more air drops. Any more unwelcome callers -- from Indonesia.*

PAN AM FOLLOW - ANTI-CRAFT

*Pan Am is having trouble in Indonesia --  
because of Malaysia.*

*The Communist-dominated Air Transport  
Workers' Union in Jakarta - refusing to allow Pan Am  
passengers including five Japanese members of  
Parliament, to disembark at the airport. Refusing to  
service the plane - on the ground. Their objection --  
that the U.S.A. is supporting Malaysia not Indonesia -  
they say. So -- Pan Am had to fly its passengers back  
to Singapore.*

## COMMUNISM

The phrase "Third Force" - is becoming popular again. But now it doesn't mean - the second class powers caught between the two giants. Britain and France, for example - between the United States and the Soviet Union.

The reference this time - is to the Communist bloc. The smaller Red nations are talking about forming a "Third Force" - between Russia and Red China. The idea, said to be especially popular - in Eastern Europe. The Satellites, moving away from the idea - that they must choose between Moscow and Peking. Preferring to band together <sup>and</sup> ~~to~~ go it alone.

The Red Empire is already split - into two parts. Now, another division - seems imminent. A Communist - "Third Force."

## DOG

It isn't often you hear of a police dog -  
deserting his post. Police dogs have a solid record  
of devotion to duty. But today one of them decided -  
he'd had enough. Or maybe he was just following - his  
masters. Many of whom have done - what he did. Anyway,  
East German Police Dog Harro on border patrol on the  
Landwehr Canal, supposed to be ~~XX~~ hunting down  
refugees to the West - suddenly swam the canal.  
Spraying West German guards with water - as he shook  
himself dry, ~~and~~ wagging his tail wildly. Paying  
no attention at all <sup>Dick -</sup> to excited policemen on the East  
German side, <sup>there on the</sup> ~~he were dancing up and down - on the~~  
bank of the Canal. Trying to convince Harro - he  
ought to come back.

## TOPLESS

Topless bathing suits - have many uses it seems.

From Maracaibo, Venezuela - comes the latest. Girls

living in the slums there say they will don the

controversial costumes - on Sunday, <sup>and</sup> hold a Sunday

parade - to protest their living conditions, <sup>try and</sup> ~~and~~

shock the authorities - into doing something about them.

The girls of Maracaibo, all ~~dressed up in their~~

~~Sunday best~~ <sup>in</sup> - topless bathing suits.
