

Thurs. June 29-67.

While the world continues to wrestle with the Mideast crisis -- another shooting incident is reported tonight from the truce line. An Israeli soldier supposedly firing at an Egyptian launch ~~is~~ taking food and water to ships stranded in the Suez Canal. At least one Egyptian said to have been killed -- a second seriously wounded.

The situation all the more explosive in view of reports from Cairo ~~is~~ that Nasser is still spoiling for renewal of the shooting war. How ~~does he~~ <sup>can</sup> in light of Egypt's so recent defeat? One possible answer -- from the United Nations, ~~where~~ Saudi Arabia today threatened to lead the world's half-billion Moslems -- in a true "holy war" against Israel; if the latter continues to refuse to give up captured Arab territories -- most especially, the old city of Jerusalem.

Israeli Foreign Minister Abba Eban -- quick to reply. Saying that Israel's annexation of the old city -- was a step to insure free access to holy places for Jews, Christians and Arabs alike. Regardless of annexation -- he added -- Israel "remains willing" to discuss the situation.

## VIETNAM

~~Halfway round the world~~ News today of a giant pincers movement -- about fifty miles northeast of Saigon. With U.S. Armored Cavalrymen driving through thick jungle -- in pursuit of an estimated four hundred Viet Cong. Attempting to pin the enemy against a nearby river bank -- where a second Allied force lay in wait to cut off retreat.

Back at the capital -- the Saigon government today reported record Viet Cong losses during the past week. A total of more than nineteen hundred men. Even so -- enemy strength is ~~still~~ estimated at nearly three hundred thousand, ~~many due~~, in part, to ~~recruitment in the South -- plus continued~~ infiltration from the North.

HONG KONG

Political pressure is building ~~now~~ tonight -- in the British crown colony of Hong Kong, ~~In~~ the wake of a charge from Peking -- that British ~~war~~planes had violated Red Chinese air space. ~~coupled with~~ <sup>also</sup> a warning from Peking -- that the situation in Hong Kong ~~is~~ <sup>is</sup> "reaching a dangerous stage."

This prompting fears -- of another siege of bloody leftist rioting in Hong Kong. With the result that the British are flying in a full battalion of tough Gurkha ~~warriors~~ -- to bolster the British garrison.

## VATICAN

At the Vatican in Rome -- a special Papal audience today for those four new American cardinals; along with about a thousand visiting Americans -- pilgrims all.

Pope Paul there praising the United States -- for "extending aid to the suffering and to developing nations" everywhere. This "an example" to mankind -- said the Pope; urging Americans and American Catholics in particular -- "to continue to be motivated by the highest principles of Christian activism and love."

EARHART

A ~~grim~~ voice from the past -- was recalled today in women's aviation circles throughout the world. The voice of Amelia Earhart -- on her last flight; <sup>Amelia</sup> trying to get through to Howland Island -- in mid-Pacific.

"Gas ~~is~~ running low -- unable to reach you by radio -- we are circling but cannot see you." Then -- nothing. The famed flyer and her co-pilot -- Fred Noonan -- never to be heard from again.

It ~~is~~ happened -- thirty years ago this Sunday, an anniversary to be observed worldwide -- by the Ninety-Nines; an organization of women flyers -- originally founded by Miss Earhart way back in Nineteen-Twenty-Nine.

In the beginning, there were only ninety-nine such daring women -- hence, the name. Now -- some three thousand; in thirty countries -- around ~~the face of~~ the globe. <sup>Many of</sup> ~~and the~~ <sup>all</sup> ~~is~~ <sup>Whom are</sup> ~~great majority~~ en route to Washington tonight. <sup>to</sup> ~~as~~ part of an international "fly-in" <sup>to</sup> commemorating the last great flight of their ~~abled mentor~~ <sup>founder - lovely</sup> -- Amelia Earhart.

## SEQUALS FOLLOW EARHART

In boxing -- another memorable event is recalled as of this date. Today marking the thirty-fourth anniversary -- of Primo Carnera's kayo win over Jack Sharkey; a victory that won for the "gentle giant" -- boxing's highest honor: the world heavyweight championship.

Sad to say -- "Da Preem's" glory days lasted less than a year. A beaten hulk -- he returned to his native Italy -- alone and broke. Later though -- Carnera served with honor -- as a guerrilla for the Allies. Eventually coming back to the States -- to recoup a fortune in wrestling.

However, his last bout -- with cancer -- also cirrhosis of the liver. He couldn't win -- and he knew it. Primo Carnera returning early this month -- to his birthplace in Sequals, Italy -- near Milan; there dying today -- at age sixty.

## NEW ORLEANS FOLLOW SEQUALS

The brief, blazing career of film star Jayne Mansfield -- also ended today -- as you may have heard by now. Hollywood's "smartest dumb blonde" -- killed instantly; when her chauffeured car smashed into the back of a slow-moving truck -- on a winding road near New Orleans. The busty beauty -- hurrying to keep a television date.

Two men in the car -- were also killed in the crash. The chauffeur -- a local boy; and lawyer Sam Brody of Los Angeles -- Miss Mansfield's constant companion of late. Three of Miss Mansfield's children by Mickey Hargitay -- also riding in the back seat. Amazingly though -- they escaped with only minor injuries.

The world-famed "pink lady" also leaves two other children -- by two other husbands. And so the end of another "sex goddess", -- Only thirty-four, and to those who knew her casually she had charm -- as well as -- and so on.

## MARRIAGE

A few years back -- the talk was all about a "missile gap." More recently -- we've heard of something called a "credibility gap." Now -- the most fearful gap of all -- a "marriage gap."

This -- according to the U.S. Population Reference Bureau; today pinpointing a surplus of nearly a million American women -- of choice marriageable age; that is -- nineteen and twenty.

Main reason for the surplus -- that "baby boom" after World War Two. Present-day girls -- who normally marry men a few years older than themselves -- coming of age when the husband crop is exceedingly slim. Which means that many of the ladies will marry older men -- a few will rob the cradle -- and <sup>(still more)</sup> ~~others~~ will remain, quote, "bachelor girls."

## SEX FOLLOW MARRIAGE

All of which makes this next -- well, interesting, to say the least. It's the final tally on a nationwide study of teen-age girls -- sponsored by Seventeen Magazine; exploring the ramifications-- of our so-called "sexual revolution."

Not surprisingly -- more than half the girls were convinced they were "thoroughly modern;" calling themselves far more liberal on matters of sex -- than were their mothers, for example. ~~But~~ <sup>G</sup> getting down to cases, <sup>though</sup> -- fully eighty per cent of the girls were still "pure and untouched." Indeed, all but about six per cent -- saying they were totally opposed to "casual sex."

Conclusion -- said Seventeen: Where "sexual revolution" is concerned -- it's practically all talk.

## MOSCOW FOLLOW SEX

Getting back to business -- a startling story today from Moscow. Telling "how to get ahead in business without really trying" -- Russian-style.

The usual technique -- according to the Communist Party newspaper Pravda: That of throwing massive drinking parties for high government officials -- when they tour the provinces. The idea -- says Pravda -- "to make party chiefs soften up; to influence them in their judgment and conclusions" -- through "petty bourgeois" favors.

Why the fuss ← all of a sudden? Because of <sup>a</sup> recent high-level drinking bout -- on a boating party <sup>for visiting</sup> ~~of~~ businessmen. The party getting so rough -- the boat overturned and five drowned.

OMAHA

Final story tonight -- comes from Omaha, Nebraska.

(Soo-wick-y)

Where an accountant by the name of Emil Szewiecki -- has just been sentenced to a year in jail; for embezzling Thirteen

Thousand dollars from his employer -- the Salvation Army, no less.

What did he do with the money? Szewiecki explaining he gave it away -- to needy families. Prompting the judge to call him -- "a strange sort of Robin Hood." One who "steals from the poor -- to give to the poor."

ST. LOUIS

From St. Louis -- the story of a close shave for a mongrel pup; who probably ranks today -- as the richest dog in America.

The little black pup -- adopted from a local Humane Society a few years back -- by Miss June Kieselhorst, who was found dead in her home -- last month. At the time -- authorities taking the dog back to the Humane Society -- where he was destined for destruction.

~~Only thing~~ <sup>Then --</sup> -- Miss Kieselhorst's will was finally filed for probate; and it showed a bequest of some Fifty Thousand bucks -- for the little mongrel pup; who was saved from death -- at the very last minute, Warren.

~~By the way --~~ The dog's name? Last Minute! A lucky name -- for a <sup>pretty</sup> ~~real~~ "lucky dog."
