

SAN CLEMENTE

Thurs. Aug. 28 - 69.

For President Nixon - at the summer White

House - San Clemente, a meeting today with his "quadriad",

they call it.

A group of cabinet-level officials ~~charged with top~~ <sup>presumed to be the</sup>

<sup>top experts in</sup>

~~intelligence in~~ ~~the~~ fiscal matters. The President

<sup>today was</sup> later quoted as having found "encouraging signs"

that the nation's economy is beginning to level off

Press

again. Or as Presidential Secretary Ron Ziegler put

it - there are certain indicators - showing "a beginning

in the cooling off of the inflationary tendency." These

indicators including - we hear - a slow-down in the

rise of wholesale prices; also, an indication that prices

for durable goods - <sup>Press Sec.</sup> "may be stabilizing." <sup>Ziegler</sup>

<sup>that</sup> suggesting, nevertheless <sup>λ</sup> it's still a battle all the way -

<sup>with</sup> ~~and~~ no "immediate victory" in sight.

At Paris ~~again~~ another new bid at de-

escalating the Vietnamese war. The U S disclosing

a reduction in B-fifty-two bombing attacks. -- This termed

a response to the ~~at~~ recent Communist lull. ~~This~~ - According

to Henry Cabot Lodge <sup>this is</sup> one of those <sup>in his words -</sup> "sensible"

risks for peace" as promised earlier from Washington.

But there can be no further withdrawal of ~~the~~ U S

~~troop~~ troops, said ~~Cabot~~ Lodge - as long as the

current ~~α~~ level of fighting continues.

Meanwhile, the ~~battle of~~ Queson Valley ~~battle~~

~~seems to be over~~  
~~Vietnam was all but ended today~~ With American

troops ~~storming the foothills nearby~~, in hot ~~pursuit~~ pursuit

the <sup>and</sup> battered <sup>and</sup> fleeing Viet Cong. Major General Lloyd

Ramsey calling the outcome - one of America's "greatest

victories" in Viet Nam. <sup>He went on to say</sup> ~~Adding~~ that "the hesitation of

in the news of late - should not distract ~~our~~ our

five men" ~~which has attracted so much attention of late~~  
attention from the countless examples of

~~from the~~ ~~courage~~ courage and bravery shown by thousands

and thousands of their fellow G I's.

~~Edgartown, Mass. the ground rules were set~~

<sup>As</sup>  
~~today~~ for that inquest next week into the death of  
Mary Jo Kopechne. Judge James Boyle <sup>today denied</sup> ~~denying~~ a request  
from ~~the~~ attorneys for Senator ~~Edward~~ Kennedy -- a request for  
the same legal safeguards normally in effect in a criminal  
court. The Judge ruling that witnesses at the inquest -  
will be allowed counsel at their side; but only, "for the  
sole purpose <sup>of giving</sup> advice <sup>to</sup> their constitutional rights <sup>involving</sup>  
~~possible~~ <sup>against</sup> self incrimination, and for privileged communications"

~~As you know~~ The Kennedy lawyers had also  
asked permission to cross-examine witnesses <sup>in order</sup> ~~to~~ to present  
evidence of their own to compel the appearance of any  
desired witness not summoned by the State. However,  
the Judge <sup>said</sup> ~~saying~~ "no" to this - adding, flatly: "No further  
discussion."

MIAMI BEACH

Andrew Brimmer of the Federal Reserve  
Systems board of governors - principal speaker at a  
college fraternity convention - today, Miami Beach.  
A negro himself - Brimmer ~~asserting~~<sup>said</sup> that special  
emphasis on "black studies" programs in the nation's  
colleges - can only breed a "new cult of incompetents."

Rather than support such a trend, he continued -  
"the academic community should get on with meeting the  
real challenge of education today; that of preparing  
"disadvantaged young people - to take their place in  
an open and integrated society."

# QUALA LUMPUR FOLLOW CHICAGO

On the other side of the globe, <sup>at</sup> <sub>λ</sub> ~~some~~ <sup>Quala Lumpur</sup> -  
a student protest that went too far. ~~some six~~ Students  
at Malasia's National University - staging a mass rally,  
<sup>Tengku Dhar F</sup>  
Demanding the resignation of Premier Rahman - for  
failure to end dissention between Chinese and Malays.  
Later marching on the school administration building -  
attempting to take it over. Whereupon police invaded  
<sup>in the history of this university -</sup>  
the campus for the first time ever - stopping the march  
with clubs and shields <sup>and then</sup> <sub>λ</sub> turning it back with tear-gas.  
In effect, serving notice that the school's traditional  
political autonomy - is a ~~px~~ privilege - not a right;  
a privilege subject to immediate revocation - whenever  
the situation warrants.

Ever since Christine Jorgensen - the city of Copenhagen has been called a place where they'd rather switch than fight. Now - in the food category - another demonstration of same. Danish business men - announcing the formation of two new companies - aimed at revolutionizing the eating habits of the world; in the process - maybe helping us ~~live~~ live longer.

Company -  
The first ~~is~~ founded on the premise that milk,

eggs, meats and so on - need not be high in saturated fats and thus raise the cholesterol ~~count~~ count. It will produce - therefore, a special seed that will turn out - ~~well, you might say,~~ <sup>ier</sup> skinny pigs, cows, chickens and so on. ~~Perfectly healthy, of course,~~ but extremely low in so-called "hard" fats.

The second company, a potential bomb-shell around the world. Aimed at convincing food processers - to use a new glucose sweetner instead of cane and ~~beet~~ beet sugars. This glucose, a tasty corn extract said to ~~be~~ <sup>be</sup>

for better for your <sup>teeth</sup> ~~teeth~~, your heart, your overall health.

Indeed, a product of such enormous potential - that the new firm is heavily subsidized by De Danske Sukkerfabrikker -- Denmark's biggest sugar company.

According to one observer - that's like the steel industry - suddenly switching to plastics; or

General Motors <sup>or</sup> ~~and~~ Ford <sup>- or Amer. Motors -</sup> - suddenly pushing Volkswagens.

Bob Evans  
1/4 - ex - chairman of the Board of Am. Mot's  
would that <sup>be</sup> unthinkable, I have the  
sitting beside me. I'll ask him about it  
- After the Broadcast! Warren.

PARIS

From Air France in Paris - comes news today of a new contract with the French airline stewardess' union. Company officials agreeing to let the girls keep on flying. Until they reach age fifty or until such time as they show their age so much - they are "quote "no longer presentable." As for who decides <sup>what and who is</sup> ~~who is~~ presentable and <sup>who and</sup> what is not - that <sup>is being</sup> ~~left~~ for future discussion, On the theory, apparently, that French girls being French, no problem there, whatever the age.
