

Donnelly Hall

Donnelly Hall

Donnelly Hall was built by Brother Nilus Vincent with the help of an army of volunteer Marist Brothers. For three summers, these Marist Brothers laid aside their teaching duties and traveled to the Marist College campus where they worked, slept and worked some more.

Brother Nilus who designed and supervised the construction of Donnelly personally operated the bulldozer, crane and other heavy construction equipment. His first task was to survey the property and then to level the mound of earth that existed where Donnelly now stands. Donnelly Hall is named for Brother Nilus Vincent Donnelly.

After the blessing of the site by Cardinal Spellman in 1958, the Marist Brothers manually dug the holes for the foundation pillars. They had to overcome many obstacles, one of which was the water seepage from an underground stream into the foundation holes. This water had to be pumped out and directed away from the work site. Brother Nilus' foreman, Brother Edward "Eddie Mike" Michael seemed to be everywhere directing the day's work activities.

Each day a discarded hearse was used to transport refreshments to the thirsty working brothers. A cluster of nearby trees provided them with a rest break during the hot, humid, summer days.

Slowly the foundation and concrete walls were poured. The prefabricated wooden roof beams weighing several tons each were lifted into place by Brother Nilus' crane and secured by the brothers. Donnelly began to take shape.

Project Directors

Dr. Brian Henry Desilets
Dr. Linus Richard Foy
John Patrick Noone

From the beginning, Marist Heritage has been a collaborative effort.

We appreciate the contributions of the Marist Brothers and the Marists All community, who by supplying information and personal memories, have given vitality, scope and depth to this project

Under the guidance and direction of Dr. Brian Henry Desilets, the initial web pages were designed and created by the following Marist College students: Michele van Brero (Hermitage, St. Peter's, Kieran Gate House, Greystone, Marist Brothers Builders, Our Lady Seat of Wisdom Chapel).....Tage Haun (Bech Homestead, Marian, Donnelly).....Fang Fang Xu (Boat House, Byrne House, Kirk House).....Courtney Gutt (Bech Family History).....Vij lyer (Cemetery).....Rahkee Chopra (Fontaine Hall).

All the final Marist Heritage web pages were either created, revised, rewritten and/or reshaped by John Patrick Noone, who is solely responsible for any errors contained therein.

We thank Richard Branigan for proofreading the Marist Heritage web pages.

We recognize the contributions of our consultants: John Ansley for his input on the format and contents of the various web pages. Also Victor VanCarpels for his frequent consultations and guidance in the graphics included in this CD. His patience and dedication while working with us made the overall results more professional.

We are grateful to Barbara McMullen for the use of the Ecommerce facility at Marist College.

We are indebted to the McCann Foundation which provided the funds necessary to make this project a reality.

John Patrick Noone, editor
