ALBANIA

The latest news concerning Albania - comes by way of Yugoslavia. So ~~you~~ ^{we} have to ~~remember~~ ^{keep in mind} the hostile source - in judging the report. Albania and Yugoslavia, ~~carrying on a ferocious~~ ^{a long standing} feud, causing a major split - in the Communist bloc. Albania - backed by Red China. Yugoslavia - by the Soviet Union.

~~Anyway~~, Belgrade tells us - that the Albanians are close to civil war, ~~a~~ [—] three cornered civil war. Dictator Hoxha, challenged by partisans of Khrushchev - within the Albanian party. And by anti-Communists - within the Albanian army.

Result - Hoxha in the middle of a purge, of the party and the army. Clamping a curfew - on Tirana. Rounding up - his opponents. Asking Red China for more support - against Khrushchev.

~~Meanwhile~~, ~~D~~ ^{are reported} dissident army officers ~~are~~ hiding out in the ~~hills~~ ^{wild mts of Albania -} raiding government arsenals - for

The main subject at the Vatican today & they were
"Church of Silence." Meaning - the Catholics behind
the Iron Curtain.

Pope John, holding a long conference with - the
Hungarian and Yugoslav Bishops. The Pontiff, showing
~~his~~ sympathy for - the faithful who live under
Communist regimes; Trying to find out from the
Bishops, how their churches can survive *against* ~~the~~
the current anti-religious campaign in Russia.

48
That raises the question of - the Russian
Orthodox Church. Will any of the Russian Bishops
appear in Rome - to attend the Vatican Council? The
Vatican Press Office announces - that an emissary of
the Pope spent a week in Moscow, trying to find out.

RUSK

The speech that Secretary of State Rusk delivered today - reveals a basic part of our strategy toward Castro's Cuba. Namely, to keep hammering at the theme - that the Castro regime does not represent the people of ^{that great tropic} the island. That this is the reason why he reneged on his promise - to hold a free vote. And finally, that we stand ready to help the Cuban people raise their standard of living - once the Castro tyranny is gone.

~~Dean Rusk made these points - at the opening of the College for Inter-American Defense. ^{on the} Secretary of State, noting - the big problem of the hemisphere. Which is, to bring prosperity - to the nations of Latin America. Then he added - "this pledge is extended to the oppressed people of Cuba, as well."~~

One suggestion in Washington - is that we stop

referring to "Cuba" ^{— as Cuba, and} ~~without qualification~~ That we specify Castro - when speaking about our economic boycott. That we specify the Cuban people - when we mean liberation. For example, American spokesmen ~~would~~ ^{to} stop referring to "the Cuban problem" - and refer to "the Castro problem."

ASSASSIN.

9
If you want to know what a cyanide gun looks like - Bogdan Stashinsky ~~can tell you.~~ ^{today told the} ~~In fact, he's~~ ~~telling a~~ court - in Karlsruhe, West Germany. The former assassin of the Soviet Secret police, describing the weapon - as shaped like a faucet. A curved aluminum tube, with water in the handle - and a cyanide pellet in the chamber above. When the trigger is pulled, the pellet drops into the water - which is then forced out the nozzle, like a jet from a hose.

The water, lethal - to anyone who gets hit in the face. That's how Bogdan Stashinsky assassinated - two anti-Communist Russians, ~~he shot them~~ with a cyanide gun.

SATELLITE

The Air Force is not saying a thing - about its latest attempt to put a satellite into orbit.

All we know - is that the launching took place at Vandenberg Air Force Base in California. ~~Whether or~~
Is ~~not~~ the satellite is in orbit tonight? - ~~well~~ your guess is as good as mine. Unless - you happen to be a member of the Air Force Space Program.

50
The guess is - another spy-in-the-sky. A satellite that will keep an eye on - Soviet missiles.

PRICES

Washington doesn't often judge the rise in the cost of living - by our private schools. ~~After all,~~ ^{For}

only a small minority of Americans - ever see the

inside of these institutions. Some of ^{the best} ~~which,~~ ^{schools of their type in the world -} Exeter, ~~Lawrenceville, Taft,~~ ^{Deerfield and so on.}

~~still,~~ Today's announcement ^{from} ~~of~~ Phillips

~~Exeter, Mass.~~
Exeter Academy - tells an interesting story about our

National economy. The famous private school for boys

in Exeter, New Hampshire - is going to increase its

fees by Two hundred and forty dollars. Making the

cost of putting a boy through ~~Phillips~~ Exeter - more

than Two thousand dollars.

~~Principal William Saltonstall states that this~~

Eight. But he points out that expenses have gone up -

One hundred per cent. The school ^{annual} budget, now standing

~~like everything else - more expensive these days.~~

JOKE

What would you think of the President shaking hands with three Minneapolis teen agers - and saying, "Welcome to our country." I imagine you'd say - a joke. And - you'd be right.

The idea, dreamed up by Bill Waters, Dan Norstadt and Roger Magnuson - of Harding High in Minneapolis. They went to the Leamington Hotel - where President Kennedy was staying; ~~Rode~~ rode the elevator up - and ran full-tilt into a cohort of Secret Service Men.

Putting on a German accent, the three high school boys identified themselves - as exchange students from West Germany. ~~Guests of~~ - Minnesota's Senator Humphrey. ^{So} They were allowed to wait for the Senator - and, they took him in too. ^{For} He escorted them - to President Kennedy. That's how it happened, the

President of the United States giving a national welcome to - three inhabitants of Minneapolis. ^{three young amateur actors - posing as exchange students but really}

Then the brash trio -

~~Incidentally,~~ Bill, Dan and Roger - went ~~right~~

where

on into the Presidential cocktail party; ~~They~~

circulated around, talking to the guests - guzzling

champagne and vodka. All - ~~from, gratis and for~~

on the house. Dick!

~~nothing~~ The tab for everybody else - Five hundred

dollars, per couple! *Wow!*

MAH JONG

In the far Pacific - another "mah jong crisis."

First it was the Singapore officials, who were caught playing mah jong - when they were supposed to be working ^{nights on} ~~on their~~ government reports.

This time - it's the school teachers of the Philippines. The Manila Secretary of Education, issuing a memorandum - against the ^{fascinating} age-old game of the orient. Calling it - "a major cause of dereliction of duty in the schools." Too many teachers, in hot pursuit of those galloping dominoes - when they should be correcting examination papers.

~~So, is it to be all work and no play in the schools of the Philippines?~~ ^{Manilla} The Secretary of Education - has a different formula. ^{Let's have} ~~some~~ Some work; ~~and~~ less mah jong, ^{says he plaintively,}
