Spring Weekend Planned for May

The outstanding event of the spring semester will be the College Weekend, to be held May 19th, 20th and 21st. It will be the joint project of the Freshman, Sophomore, and Junior classes, each class being responsible for the activities of a particular day. The three-day affair is open to all students and their dates, and

Sophs' Bake Included

The second annual Sophomore Clam-Bake will be held on Sunday, May 21, at Sunset Camp, Plattekill, New York. It will conclude the Spring weekend at Marist College.

The day's festivities will begin at 12:00 noon with the serving of hot meatball, and sausage n' pepper sandwiches, clams on the half-shell and assorted beverages, which will be provided throughout the afternoon. The main dinner will be served at 5:00 and will include:

- barbecued chicken
- potatoe salad
- corn on the cob
- sliced tomatoes
- butter and rolls
- raw and steamed clams
- assorted beverages

Games and entertainment will also be provided.

The bake will be held regardless of weather conditions. In event of inclement weather, the festivities will be held in the spacious recreation center.

A map showing the exact location of the camp will be published before the affair to acquaint the students with the best route to Plattekill.

a ticket, costing \$15 per couple, can be used for all events, as well as for food and beverage to be served at the Friday evening party and the clam-bake on Sunday. As an aid in the purchase of the tickets, the Weekend committee has arranged a weekly instalment plan.

Fresh Dance to be Different

by William Gorman

If there is one fact that arises from the recent dance committee meetings, it is that the class of '64 is planning something which is to be unique among Marist College dances. Just from listening to descriptions of what is in store I can vividly picture the whole affair: first of all the warm day will provide the over-all atmosphere; added to the general happy mood will be the swinging music of the Naturals, whom we remember from the Italian Center. Refreshments (beer and soda) will be furnished; we promise everyone will be satisfied, and strangely enough, sober. Bermuda shorts will be permitted—let your legs decide! The dance will begin at 9 o'clock at the Polish American Club, 19 North Bridge Street, and ends at 1 o'clock.

Well, that's all I am allowed to divulge at the moment, but if there is anything else you would like to know, contact a dance committee member.

Crew's Homecoming this Saturday!

Letters to the Editor

Dear Sir:

Although there have been a number of clubs organized here at Marist, for the benefit of both the students and the College, I feel safe in saying that the support given to clubs has been at a minimum. I'm sure that if the students realized that the club organizers are donating their time for the purpose of promoting school spirit, they would gladly participate in a club of their choice. We must remember that Marist College is expanding rapidly and before long the enrollment will be vast, so, if there are no uniting bonds to help the student associate himself with those sharing his own particular interests, one of the purposes of college life is being defeated. This perhaps is one of the main reasons for forming clubs--to not only receive satisfaction from participating, but to donate time to help create a stronger college atmosphere.

Years from now, the sacrifice we are making now, will be looked upon, I'm sure, not as a sacrifice, but as a gift bestowed by the College that enabled us to be the forefathers of the group activities that will function here in the years to come.

On Campus

Hi there! Don't think that we have been idle these last two weeks. The truth is that our sick minds have been working overtime. Our agents have been from hotels in Manhattan to the hill in back of St. Francis Hospital. Jim Cullen, is it true that since everything has "boiled over" things have been looking better down under? R. Gratz, V.B. says she seems to have lost her invitations. Is it true that a friend of Pete Hanley was seen chasing a bottle of rum on the edge of P.S.H.? Don Murphy, how 'bout "Suzie?" We would like to know who ran over that poor golfer at Baird Park; a car wash't good enough, this guy used a pick-up truck. Vic Guidice, "How about a marshmallow?" John Romeo, who was that exquisite girl you were with Saturday at the Lamplighter Inn? Joe Greco and Dave Donahue, curfew hour is one o'clock. Laughie is the tent--best man we have. Gorman, is it 1118 or 1119? K.S. and P. M., if you think New York was bad, wait until Spring Weekend! We're sorry we didn't devote more of this column to the other students on campus, but we can't help it if you lead a dull life.

news notes

Shamrock Field, on the east side of Delafield Street, is to be used by the City of Poughkeepsie Little League. The city will construct the diamond and place a hurricane fence around the outfield. The project will be mutually advantageous, since the Little League field is laid out with the same specifications as a softball diamond.

The field will be open to the students of the College when it is not being used by the Little Leagues.

Contracting bids for the new dormitory were sent out yesterday, April 24th. The bids are to be received by May 17th to facilitate the commencement of work on or before June 1st.

intramurals

by JAMES PIZZANI

On wednesday, April 26, the intramural softball loop will commence with the Freshman Day Hops meeting the Freshman Boarders. To date three teams are entered in the league, the third being McIntyre's Raiders. Each team will play the others twice, with the first two teams playing off for the school championship on May 17th. All games will be played on St. Mary's field, at the southern end of the campus, at 3:30 PM.

After a successful touch football and basketball intramural program, we are looking forward to rounding out the year's activities with a fine showing in softball.

Marist Crew Loses in its Opener to Clark

Coach Joe Catanzaro was very well pleased with the crew team's first showing even though it lost to the oarsmen of Clark University, in a dual meet last Saturday at Worchester, Mass. Experience proved to be the winning factor in the race, for the Marist team has seen poor weather and a choppy river for its practice sessions. However, the crew rowed very well against Clark and Mr. Catanzaro feels we should whip into shape if we can get a break in the weather.

The winning time for the mile race was 5:29, with Marist finishing in 5:42. Ken Knapp stroked; others in the boat were Tony Campilli, #7; Ed DiSanto, #6; Tony Rotolo, #5; Stan Waryas, #4; Walt Herbst, #3; Tom Ertz, #2; and John Doss in the bow. Gary Smith was the coxswain.

In the JV race, Jack Carey came in as coxie, Phil Cullem replaced Tony Rotolo, and Vic Guidice replaced Stan Waryas. In this event, the boat made a fine showing and won by two lengths.
