

Marian Hall: Past and Present

The Old Gym

The first image at left shows the area of the campus comprising the old gym, the scholasticate and the Greystone buildings. Two wooden frame single story bungalows, built in 1911, occupied the gym area. One burned down in June 1946. The other was torn down in early 1947. They had served as large meeting rooms and recreational facilities. The gym was constructed on that site.

The present Marian building, the first large building put up by the Marist Brothers on what is now Marist College, was built as a gym between 1946 and 1947. This work was supervised by Brother Francis Xavier, a faculty member teaching Philosophy and Psychology. "Frank," as he was known, was a man of all trades and as much a contractor as a professor.

Except for the masons and steam fitters, the building was constructed entirely by the Marist Brothers. Student brothers mixed concrete for the masons, carried pipes for the steam fitters, unloaded the trucks which delivered the cinder blocks and bricks, did the carpentry with Brother Paul Ernest (professor of physics) and operated the jack hammer, etc.

The building was used as a gym with a carpenter shop, printing shop, laundry, garages and storage space installed in the wings.

The Marian Building

The old gym at the center of campus was transformed into a Residence Hall in 1983 and is presently used in that capacity. The wings were raised to make a second floor and the gym portion was also transformed into a two-story dormitory.

Project Directors

Dr. Brian Henry Desilets
Dr. Linus Richard Foy
John Patrick Noone

From the beginning, Marist Heritage has been a collaborative effort.

We appreciate the contributions of the Marist Brothers and the Marists All community, who by supplying information and personal memories, have given vitality, scope and depth to this project

Under the guidance and direction of Dr. Brian Henry Desilets, the initial web pages were designed and created by the following Marist College students: Michele van Brero (Hermitage, St. Peter's, Kieran Gate House, Greystone, Marist Brothers Builders, Our Lady Seat of Wisdom Chapel).....Tage Haun (Bech Homestead, Marian, Donnelly).....Fang Fang Xu (Boat House, Byrne House, Kirk House).....Courtney Gutt (Bech Family History).....Vij lyer (Cemetery).....Rahkee Chopra (Fontaine Hall).

All the final Marist Heritage web pages were either created, revised, rewritten and/or reshaped by John Patrick Noone, who is solely responsible for any errors contained therein.

We thank Richard Branigan for proofreading the Marist Heritage web pages.

We recognize the contributions of our consultants: John Ansley for his input on the format and contents of the various web pages. Also Victor VanCarpels for his frequent consultations and guidance in the graphics included in this CD. His patience and dedication while working with us made the overall results more professional.

We are grateful to Barbara McMullen for the use of the Ecommerce facility at Marist College.

We are indebted to the McCann Foundation which provided the funds necessary to make this project a reality.

John Patrick Noone, editor
