

L.T.-OLDS. FRIDAY, FEB. 26, 1960.  
Squaw Valley

GOOD EVENING EVERYBODY:

To many people, in many lands, it was happy, exciting news that came today from Buckingham Palace; surprise! surprise! Putting an end to a favorite guessing game. Remember how we used to ask "when, Oh when will princess Margaret marry?" And - "who will the lucky man be?" Or, after losing her friend Capt. Peter Townsend, would the seemingly forlorn princess ever marry?

Now we can stop guessing. The sister of the Queen, is all set to marry Anthony Armstrong-Jones, son of a prominent London barrister and the Countess of Rosse. Armstrong-Jones well known in Mayfair as a society photographer. We hear he first met Princess Margaret when he was making special pictures of the royal family. What golden opportunities cameramen have! Their names

were hardly ever linked in the newspapers. So the betrothal comes as a surprise.

The queen, is said to be delighted. Which is also true of most of her Majesty's subjects. Princess Margaret, always a favorite with the British, who are happy to know, that at long last Margaret is to take unto her bosom a husband - a chap named Jones; Well, Anthony Armstrong-Jones, to give it in all it's double barrelled splendor.

along with a desire for an end to dictatorship, and fourth - cooperation with the rest of the world - for the betterment of humankind everywhere.

Speaking of the nations of the Hemisphere he said let's all be "good partners." A sentiment which Argentine Congress cheered loudly.

EISENHOWER

President Eisenhower's second Major address of his Latin American tour was delivered today in Buenos Aires, before a joint session of the Argentine Congress, he told his audience that any aggressor attacking this hemisphere would commit suicide. He then set forth four points:- first - a drive to raise the standard of living for all the American nations, second - a common effort in behalf of Democratic freedom, third - non-intervention in Domestic affairs - along with a desire for an end to dictatorship, and fourth - cooperation with the rest of the world - for the betterment of human beings everywhere.

Speaking of the nations of this hemisphere he said let's all be "good partners." A sentiment ~~the~~ the Argentine Congress cheered loudly.

PERONISTA FOLLOW EISENHOWER

An attempted proPeron demonstration against President Eisenhower in Buenos Aires - fell flat today. Followers of Peron were all lined up with signs reading - "Ike, Go Home!" But President Eisenhower, Harding got a glimpse of them - as he and Argentina's President Frondizi - flew over in a helicopter. The two landing at our U.S. Buenos Aires Embassy.

## ADD CRASH

And the tragedy at Shannon, Ireland? No explanation of that either. An Italian airliner - filling up with seven thousand gallons of gasoline, then crashing and exploding on take off. Fifty-two aboard. Twenty-seven killed; twenty-three critically injured; two missing.

The total toll in the two disasters - Shannon and Rio - a hundred, or more.

KHRUSHCHEV

The Premier of the Soviet Union - addressing the Indonesian Parliament, at Jakarta - after his visit to Bali, promises the Indonesians they'll have a bigger voice - in world affairs. Khrushchev also mentioning other Asian powers - Red China, India, Japan; saying - they all ought to join the big four as equals at summit meetings.

Khrushchev's reference to Japan - is interesting, since during his speech today - he again attacked the Japanese, because of the treaty Tokyo has signed with Washington. Khrushchev, repeating his assertion - that the treaty threatens Japan with atomic annihilation.

## ISRAEL

The Middle East is reported nearer war than at any time since nineteen fifty-six, when Israeli forces swept across the Sinai desert at the time of the British-French invasion of Suez. Nasser now is reported to have most of his troupes - along the Israeli border. Better equipped. Egyptians and Syrians with tanks from Russia.

DEGAULLE

President Chas deGaulle defends the French atomic explosion over the Sahara. Speaking in the South of France, DeGaulle ridiculed the idea that this one test has poisoned the atmosphere of the earth. The tall general adding that a French atomic bomb is one more weapon in the arsenal of the free world; as well as an indication of - the greatness of France.

The Crupp announcement comes in the midst of an angry international argument over Spain and the declaration by the West German defense minister that he would like to have military supply bases at the foot of the Pyrenees.

## KRUPP

The steel king of West Germany - turns down a chance to manufacture - arms for Spain. Alfred Krupp - who once turned out weapons for Hitler's war machine, says he doesn't want to make Spanish arms. He adds that besides, he's involved in Brazil and India and has no time for any more big commitments.

The Krupp announcement comes in the midst of - an angry international argument over Spain and the declaration by the West German defense minister that he would like to have military supply bases at the foot of the Pyrenees.

VIET NAM

A senate sub-Committee demands an investigation of American aid to Viet Nam. The sub-Committee, charging millions of dollars were wasted in that corner of ~~SEASIDE~~ southeast Asia; thrown away on - useless highways for Viet Nam. Also on elaborate housing for American working out there.

prediction for man's flight to the moon has been around since the seventies or later. But Colonel Armstrong thinks we can do it much sooner, by using a nuclear powered space booster.

## ATOMIC

An official of the atomic energy commission told Congress today that we can put a man on the moon - by the middle of this decade - within five or six years. Colonel Jack Armstrong bringing the date closer than most who have appeared before the House Space Committee. The usual prediction for man's flight to the Moon has been around Nineteen Seventy or later. But Colonel Armstrong thinks we can do it much sooner, by using a nuclear powered space booster.

SQUAW VALLEY

AS FOR THE WINTER OLYMPICS HERE AT SQUAW VALLEY, IN TWO MORE DAYS THEY WILL OVER -- THE BEST EVER, FOR BOTH ATHLETES AND SPECTATORS. AND THERE WERE THOSE WHO PREDICTED THEY COULDN'T EVEN BE PUT ON IN THIS LITTLE KNOWN, NOW WORLD-FAMOUS SIERRA VALE. EVEN AVERY BRUNDAGE, PRESIDENT OF THE INTERNATIONAL OLYMPIC COMMITTEE, HAD EXPRESSED ALARM WHEN HE HEARD THAT ALEC CUSHING HAD BEEN AWARDED THE VII WINTER OLYMPICS. AT THE TIME BRUNDAGE SAID:- "WHERE IS SQUAW VALLEY ? AND WHAT IS IT ? IS IT A TOWN ?" AND THEN HE TOLD CUSHING: "THE MILLION BUCKS YOU SAY YOU HAVE BEEN PROMISED BY THE STATE OF CALIFORNIA, WHY THAT ISN'T EVEN A TENTH OF WHAT WILL BE NEEDED. YOU HURRY BACK TO CALIFORNIA, AND IF YOU CAN'T HALF OF TEN MILLION WITHIN TWO MONTHS, NO WINTER OLYMPICS FOR SQUAW VALLEY!" BUT CUSHING GOT A LOT MORE THAN THAT, BEFORE HIS DEADLINE; AND LATER AS WE ALL KNOW, CALIFORNIA CAME THROUGH WITH MILLIONS AND MILLIONS MORE. PRENTIS HALE AND HIS STAFF PERFORMED THEIR MIRACLES. THE WEATHER MAN WAS KINDER THAN HE HAD EVER BEEN IN WINTER OLYMPIC HISTORY -- THE SUN IS STILL SHINING AND THE LATEST ~~WINTER~~ STORM THAT SEEMED HEADING THIS WAY YESTERDAY, HAS GONE SOMEWHERE ELSE. EVERYBODY HAPPY HERE -- EXCEPT OF COURSE THOSE COMPETITORS WHO LOST OUT IN THE SKIING AND SKATING EVENTS. MORE ABOUT THAT AFTER WE HEAR FROM DICK NOEL.

SQUAW ENDING.

For the Canadians the past twenty four hours have been a period of thrilling defeat followed by thrilling victory. Yesterday's wild hockey game in which they lost to the Americans by a score of two to one, left Canadian newspaper men talking to themselves. As one Toronto sports expert mumbled: "They beat us at our own game, how could we let them do it?" By which he meant not just beaten at hockey, but by using Canada's own special tactics.

Then came today; the ladies slalom on Papoose Peak. A 21 year old Ottawa secretary, Anne Heggveit (sounds Norwegian), won that gold medal for the land of the maple leaf "going away." She beat the best women skiers in the world by more than three seconds. Betsy Snite of Vermont, winning the silver; and Fraulein Henneberger, of Germany, third.

Eugene Grishin of Russia and Roald Aas of

Barney used for the 1800 meter speed skating event.

Oh yes, Uncle Sam won a gold medal today, double  
Jenkins coming thru as No. 1 in figure skating.

Tomorrow promises to be one of the most  
exciting days of all, when the hockey teams of the U.S.  
and the U.S.S.R. meet in the olympic arena. I wish you  
could all be here for that one. At any rate Got'a miss  
it on CBS TV, and Solong until Monday.

Save me a seat for the 1800 meter speed skating event  
tomorrow night, the Chilean fellow - mainly receiving  
the gold medal.

Well, I'll be home tomorrow night, the Chilean fellow - mainly receiving
