## Business Major — Sept. '61

by THOMAS McANDREW

A program leading to a Bachelor of Arts, with a major in business degree will be initiated this coming fall semester, announced Brother Paul O. Stokes, Dean of the day division. The program was designed by two of the ablest men in the field, Mr. Ted Prenting of the University of Chicago, and Mr. Eugene Zieha

### N. D. S. L. LOANS

Applications for National Defense Student Loans for 1961-1962 must be filed in the Dean's office by March 15, '61

The application procedure is as follows:

- 1) Fill out the preliminary form stating the approximate amount of money you wish to borrow for 1961-1962.
- 2) Obtain the "Financial Statement" form of the College Scholarship Service. This form, when completed, is to be mailed to the CSS. Allow at least two weeks for processing the form so that it will be returned to the college by March 15, 1961

The college asks the Federal Government for the amount requested by March 15. Any applications received after this date will be considered if any funds are available in September.

Please be realistic in the amount of money you request—neither more nor less than you require to cover normal college expenses: tuition, books, transportation, lunches, etc.

Your application in March for a specific amount of money does not bind you in any way to accept it in September. You may accept all, part or none of the amount requested—if circumstances have changed since your original request.

of the University of Illinois, who is responsible for the founding of the Air Force Business School in Dayton, Ohio.

The curriculum would include the following major courses: Price Theory & the Market, and National Income in the Freshman year; Managerial Accounting I-II in the Sophomore year; Public Policies toward Business, Financial Management, and Business Law in the Junior year; Money & Banking, Marketing Management, Personnel Management & Industrial Relations, and Production Management in the Senior year. The degree, being a product of a liberal education affords the student the cultural value of a liberal college, and at the same time gives him the opportunity to secure a major in Business.

This program will be made available not only to the incoming Freshmen, but to the '64 graduates as well. For the present Freshmen it will require that they pick-up the lacking credits in basic economics, which could be done either in the night or day division.

This program already in progress in the night division with a registration of about sixty pioneers, should increase enrollment, as well as establish a well-rounded course of study for Marist. The head of the department for the day division was not disclosed and should be announced later in the year.

## S. S. S. Exam

Applications for the April 27, 1961 administration of the College Qualification Test are now available at Selective Service System local boards throughout the country.

Eligible students who intend to take this test should apply at once to the nearest Selective Service local board for an application and a bulletin of information.

Following instructions in the bulletin, the student should fill out his application and mail it immediately in the envelope provided to Selective Service Examination Section, Educational Testing Service, Princeton, New Jersey. Applications for the April 27 test must be posted no later than midnight April 6, 1961.

According to Educational Testing Service, which administers the College Qualification Test for the Selective Service System, it will be greatly to the student's advantage to file his application at once. Test results will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment as a student.

Bernie Lopez is promoting the formation of a science club for the lay students of Marist. It is planned to have representatives from local plants lecture on various subjects. Those interested are asked to contact Mr. Lopez.

### REYNARD'S RECORD

A weekly newspaper published by and for the students of Marist College on every Tuesday of the school year, exclusive of vacation and examination periods.

## —On Campus—

by CARL SANDBAG & OGDEN SMASH

Why has Jim "King" Cullen changed his tune to "Where the Boys Are"...? Rumor has it that Phil Cullem is spending vast amounts of money on "SuperBoy" comic books.... By the way, Phil, since when has Union College moved to Albany? No, Davitt, you can't fill the pool with Rheingold...! We would like to congratulate Dan "Quas" Verrico on winning "The Best Dressed Man of the Year" Award.... A little tidbit from our roving reporter—Joe Iannelli's car broke three land speed records at the Bonneville Salt Flats last year.... Hey, Casey Carey, lay off those HO trains... Authorities are asking about those strange blinking lights from up the hill.... Ollie, how do you like moonlight bathing...? Has "Gratz" dubbed his car the human-mobile...? Buffalo Bob, have you heard of "Blemstick"...? Cheerleaders, attention: You can't wear leotards to the Bard game...! Hey, Gorman, was there a moon out tonight...? We are deeply hurt to learn that some of the more intellectual elements on campus disagree with the policy of our relating to the student body what we feel would be interesting even though at times it may be rather embarrassing. See you next week....

## —this week—

TUESDAY, FEBRUARY 28

Student Council: Room 210, 3:15PM.  
Intramural basketball: Boarders v. Day Hop II, Gym, 3:15PM.

WEDNESDAY, MARCH 1

Freshman dance committee: Room 201, 12:45PM.

- May 4 Digital Computer Programming I
- May 11 Digital Computer Programming II
- Time: Thursdays, 9:35 to 10:25 am
- Place: Marian Building, Room 3

n.b.

Reynard's Record would like to make it the policy of the paper to print one week in advance, all of the various meetings and functions which will occur on campus. To facilitate this policy we request that the secretaries of all campus organizations submit a memo of their coming meetings by the Thursday preceeding the meeting. Since the Record comes out on Tuesday the announcement of a Monday meeting must be submitted at least a week and a half in advance.

# Intramurals

by JIMMY PIZZANI

Last week saw the Freshman Day Hop I team take over undisputed first place at the hands of the Freshman Day Hop II team by a score of 69 to 51. High men for the winners were Joe Spada and Hugh Reynolds, with 21 and 22 points, respectively. Fred Weiss was a big help under the boards. High man for the losers was Don Murphy, who tallied 24 points. Other action saw the Day Hop II team wallopp the Upperclassmen 40-21. Joe Sendra led the winners with 18 markers. John Donnelly and Bill McIntire paced the losers with seven points apiece. Yesterday, the Boarders, led by Bob Van Aernum with 32, and John de la Rosa with 30 points, whipped the Upperclassmen by a score of 91 to 73. Dennie Tierney and John Buscemi scored 27 and 16 points for the losers, respectively. Today, the Boarders are set against the Day Hop II team, and will resolve the tie for first place.

## Marist Tops I.B.M. 93-84

The Marist basketball club overpowered the IBM five last Wednesday by a score of 93 to 84. This was a much better showing put on by the team than the previous game, partially because it had ten players in uniform, a veritable boon for the "Marist five and sub". The ranks were rounded out by newcomers, Tom Erts, Walt Herbot, and Pete Hanley. John Romeo led the team to victory with both his rebounding and scoring of 21 points. He was helped in the latter department by Bob Van Aernum, John de la Rosa, Dennie Tierney, Dave Flynn, and Jack Callahan.

The Marist club sprang to an early nine point lead, and it proved to be too great for the IBMers to overcome.
