

L.T. - Delco Fri. Feb. 24 - 56.

Have you heard ^ethat word from Georgia? The Eisenhower doctor saying that the President might be safer in the White House now than before his illness? Why? Because now he has learned how to conserve his energy. General Snyder, commenting on the fact that President Eisenhower is hunting and golfing as strenuously as any normal person. He added that such attacks may hit any of us. And then he went on to say that ^{the} President has learned a great lesson, learned to guard his physical condition more carefully.

There was more golfing - and more quail shooting too. Tomorrow back to Washington, where the President and the First Lady will attend a birthday party for John Foster Dulles. The Secretary of State will be sixty-eight tomorrow.

DULLES

Testifying before the Senate Foreign Relations Committee today - Secretary of State Dulles defended the shipment of those eighteen tanks to Saudi Arabia. ~~Our~~ ^{He} ~~Secretary~~ told the committee that the tanks would not upset the balance of power in the Middle East - and are not concerned with the Arab-Israeli dispute. He pointed out that Israel, with its smaller area, and smaller population, could not win an arms race with the Arabs, who have access to Soviet arms. ^{He said} ~~Our~~ ^{is} policy, ~~to~~ cut down ~~the~~ movement of arms from ~~the~~ Iron Curtain countries to the Arabs; - not to try to win an arms race.

But Secretary Dulles added that he has not ruled out the possibility of sending weapons to Israel - and will order that done whenever he thinks the preservation of peace demands it.

ALGERIA

~~The Algerian rebels are calling for "another Dien~~
~~Bien Phu."~~ ^{Algerian} ~~The~~ ^{are} terrorists, circulating an anti-French
pamphlet, ^{saying} ~~which says~~ that ~~the~~ Paris ~~government~~ will not grant
independence to Algeria, until ~~as the pamphlet puts it,~~ ^{the} "the
French Army has suffered another Dien Bien Phu." ~~And that~~
~~sounds very ominous - Dien Bien Phu, the defeat that drove~~
~~the French out of most of Indo China. The Algerian rebels,~~
~~seem to think they can do the same thing.~~

^{This as}
~~Anyway,~~ savage fighting continued today - almost
a full scale war. ^{Some} ~~on the pattern of Indo China. Close to two~~
hundred ~~persons have been~~ killed in the past forty-eight
hours.

^{seaport}
Today, rioting broke out in the ~~city~~ ^{seaport} of Oran - during
a funeral service for ~~the~~ eleven French soldiers ~~who were~~
killed five days ago - ^{some} when native troops ~~entered~~ and went
^{Today} over to the rebels. Hundreds of demonstrators ~~gathered~~ in
~~the center of Oran, and they~~ marched ^{to} the city hall - singing

the "Marseillais," and hurling stones, ~~and tin cans~~ at the police, who fought back with tear gas.

~~As the eleven coffins were buried in the cemetery~~

^R ~~the~~ ~~demonstrators,~~ ~~began~~ ~~to~~ ~~call~~ ^{ed} ~~for~~ ~~revenge~~ - shouting "give us arms!" And, "Algeria is French!" ~~And they threatened~~ to hang Premier Mollet, if he ever ^{again} shows up in Oran.

~~Yes, the Algerian situation gets worse all the time.~~

~~And the fear is that the terrorists are not bluffing - when~~

~~they say they intend to inflict "another Dien Bien Phu"~~

~~on the French.~~

The Moscow Congress of the Communist party issued its formal statement today. And knowing how Communist gatherings are run - it's not surprising that today's resolution endorses everything that was said by Khrushchev.

The statement opposes "one man leadership" of the party. Calls for a return ~~to~~ to the Leninist principle of collective leadership. Khrushchev and ~~his pals,~~ ^{his associates to} stay in power - ~~and to run the Soviet Union~~ ^{governing} as a group.

The Congress resolution repeats ~~in~~ what Khrushchev said about Communism winning ~~in~~ without war. The Soviet Union, to ~~even~~ extend its domination of other nations - without armed aggression.

~~And, of course, we ~~are~~ are told~~ ^{also,} that the Soviet Union would like friendly relations with all nations - including America. In fact, the Soviet Congress asks for "popularfront" governments in western nations - political alliances between Communists and non-Communist parties, ^{as} the easiest way to seize power.

SUBMARINE

We hear that a

~~The~~ false alarm about a British submarine lost in
~~the~~ Denmark Strait, between Iceland and Greenland - was caused
by the sun. A gigantic bombardment of cosmic rays - breaking
up radio contact between the "Acheron" and the Admiralty. ~~in~~
~~Copenhagen.~~

The sub, with sixty-five men aboard, ~~was~~ sent out its
usual signal - but the sun spots garbled it. As time
passed, and no word came in - the fear grew that the "Acheron"
might be lost. Finally, the ~~Danish~~ Admiralty ordered a massive
air and sea search. For an hour, nothing was heard of the
sub, and the ~~Admiralty~~ ^{word went out} ~~flashed word~~ that it definitely had
sunk. ~~But a little~~ later, a minesweeper picked up a message -
indicating that the ~~"Acheron"~~ ^{sub} was okay. ~~It never had been~~
in ~~any~~ ^{no} danger - ~~just out off from the Admiralty by~~ ^{except from} cosmic
rays.

TENLEY ALBRIGHT

Tenley Albright says she
~~our~~ Olympic figure skating champion is back home
mighty
~~and she's very glad to be here.~~ *be an American* ~~be here.~~ *was* ~~Tenley Albright, who was~~
being
held for five hours in East Berlin, with fourteen other
Americans.

After Tenley, ~~as we know,~~ *her* won a gold medal at ~~the~~ Cortina,
Olympics. ~~After that,~~ she performed on other European rinks.
even
~~And then, she~~ went to East Berlin, to ~~take part in an~~ *skate.*
~~exhibition.~~

~~She was~~ *the* about to leave East Berlin airport, ~~with~~ *she, and*
Red
the other Americans, ~~when they were all held up by the~~ police.

~~The reason -~~ Their papers were not in order. ~~And it took~~
later they were done, and on
Five hours ~~to get the thing straightened out. After which,~~
their way.
~~the Americans were allowed to leave East Berlin.~~

Said Tenley Albright ~~remarked:~~ "We were held for
~~five hours at the airport~~ and "every time one of us moved,
a policeman came running after us." ~~The skater summed up~~
~~the experience by saying:~~ "I never was so happy about being
an American as after that experience."

PERON

Says Thom Curran of the United Press,

~~Peron~~ the former Dictator of Argentina is a "dead duck", ~~so~~
~~says Thomas Curran, of the United Press.~~

~~He~~ Curran told the Georgia Press Association, in Athens -
that Peron is still trying to regain power, - directing a
conspiracy from Panama, ~~But the trouble is, according to~~
~~the U P newsmen,~~ ^{in B. A.} the present government is too firmly in the
saddle. ~~It's got the~~ Argentine National Economy straightened
out - because of two good crops. and the feeling among the
people - is ^{turning more and more} ~~turning more strongly,~~ against any return of
Peron.

The U.P. expert spoke
~~Curran revealed an interesting point~~ about La Prensa -
the great liberal newspaper that was freed after Peron fell.

said LaPrensa sold eight hundred thousand copies the first day
of publication - and ~~it~~ has been selling more than three
hundred thousand ^{a day every} ~~copies every~~ day since ~~then.~~

BILLY GRAHAM

Evangelist Billy Graham, ~~is~~ in Osaka, Japan, Today he shared the platform with the man who led the Japanese planes, attacking Pearl Harbor, in Nineteen Forty One.

Mitsuo Fuchita, ~~was~~ then a Japanese Naval Officer - one of the Mikado's top pilots, He led the squadron that ~~smashed~~ *bombel* our fleet as it lay at anchor at Pearl Harbor.

After the war, Mitsuo Fuchita became a Protestant minister. He welcomed Billy Graham personally- when the Evangelist arrived. And then, the former pilot listened as Billy Graham addressed about five thousand Japanese.

CAMPAIGN

Congress will pass legislation about campaign
- and do it
spending - in time for this year's presidential election. *This*
is assured
~~So announced~~, by a top Republican and a top Democrat - Senator
minority leader, Knowland of California, and Senator Johnson of Texas, *- majority leader.* They both
agree that there will be bi-partisan support for such a bill.

Senator Johnson said afterward that the bill will
contain three points: - First of all, each taxpayer will be
allowed to make a political contribution of one hundred
dollars *- that much tax deductible. This encourages*
~~and then deduct it on his income tax. The point,~~
to stimulate small contributions.

Secondly, the radio and T V networks *to divide equally,* ~~will split~~ free
air time between "major" political candidates. The Texas
Democrat admitted that the problem here - is to determine
which political ~~parties~~ *candidates* qualify as "major".

Thirdly, the bill ~~will~~ will include a system of reporting
- that will, in Johnson's words, "put all contributions in a
gold fish bowl." In other words, full publicity for campaign
spending.

^{Lyndon}
Senator Johnson didn't say that all of these points

will get passed. But he and Senator Knowland hope they will -;

and, they ^{are} ~~are~~ sure that some kind of legislation ^{on this} will be ready

before November.

ALABAMA

The Governor ~~Folsom~~ of Alabama says he intends to appoint a special commission to study race relations in his state.

Both ~~at~~ whites and negroes to serve as members, ~~of the~~

~~commission.~~ Their assignment to look into all

~~their business~~ ~~like~~ to look into problems like the

atters, including
case of

the co-ed at the University of Alabama, who was

suspended; ~~for her own good, after rioting and the~~ ~~PRESENT~~ ^{also the} ~~PRESENT~~

boycott of ~~the~~ buses ^{at} Montgomery. Governor Folsom ^{admits} ~~warns~~

that race relations have deteriorated ^{to the point where} ~~so badly~~ ~~it's lucky~~

~~there has been no~~ bloodshed ^{was imminent,}

Meanwhile, Co-ed Autherine Lucy is ^{not attending} ~~still away from~~

the University. And, the Montgomery ^{bus} boycott is still on.

Today the negroes of Montgomery obeyed their ministers

and walked to work in pairs or small groups. However, they

^{continue to use automobiles.} ~~did not all refuse to travel in cars.~~ The Reverend R. D.

Abernathy, a negro minister arrested on charges of conspiracy,

had said that no negro would use a vehicle today. ~~But some~~

~~reporters say they noticed negroes riding in cars.~~

~~However,~~ ^{And} the ~~big~~ ^{did} majority walked - ~~and~~ ⁻⁻⁻ none at all used ~~XXXXXXXXXXXXXXXXXXXX~~

the buses.

The leaders ^{today} pleaded innocent ~~at the court house.~~ They ^{When} were charged ~~under one indictment~~ ^{with} conspiracy, against the

bus line. ~~If convicted, they could receive six months in~~

~~prison~~

The desegregation question is causing ^{new} tension in other states. The Governor designate of Louisiana, Earl Long, declared that he is as he put it "a million percent for segregation." ~~He said in a T.V. interview.~~ ^T That the negroes of the south are not yet ready for desegregation.

But the Catholic Archbishop of New Orleans disagrees, ^{and} ~~Archbishop Rummel~~ ^s standing behind an editorial in a Catholic newspaper - threatening ~~it~~ automatic excommunication for Catholics ~~in~~ who support segregation in the parochial schools.

VACCINE

The Public Health Service has just released more than one million shots of polio vaccine. Most of the vaccine, manufactured by Parke, Davis and Company - using a new safety process. That process involves the use of ultra-violet rays. The Public Health Service pronounces the process ~~is~~ both safe and effective - also potent.

With Parke Davis back in production, the monthly output of "Salk shots" will be doubled.

A top figure in the American Communist party ~~is going~~
to surrender - ~~and do it~~ in a dramatic way. Gilbert Green,
Illinois chairman of the ^{Reds,} ~~party~~ has been on the run for five
years; ~~He~~ ⁱⁿ managed [^] to elude the F B I.

But today, ~~the~~ ~~AME~~ newspaper wire services ~~in New~~
~~York~~ received a letter from ~~Gilbert~~ Green; ~~It was~~ post-marked
~~at~~ the New York General Post Office - and signed by the Communist
leader. ~~The letter~~ Stating, that he will surrender at noon,
~~on~~ Monday. - Present himself at the Federal Court House - where
he was convicted of conspiring to promote the overthrow of
our government.

According to the letter, Green decided to give
himself up - because he believes that Communists will soon
get back the full rights of American citizenship.

~~Tonight we know~~ ^{TP} the cause of yesterday's ~~great~~ train wreck - a broken axle. It happened on the sixth car of a ~~fourteen car train~~ - *the Penney Embassy Special.* As the axle gave way, that car dropped *down in a way that* ~~onto the rails~~ which automatically applied the ~~air~~ air brakes.

~~The train was~~ ^TTraveling at eighty miles an hour - ~~so naturally~~ there was a paralyzing jolt as the brakes locked. *In the* ~~and then a gigantic~~ smash up, ~~with~~ *nine cars left* ~~hurtling off~~ the rails.

The F B I ~~immediately investigated~~ ^{reports no} ~~but found no~~ signs of sabotage. ~~The company stated that~~ ^{is the usual} Eighty miles an hour ~~was the proper~~ speed at that point. So ~~obviously~~ the explanation ~~was~~ ^{is - a} some mechanical failure. ~~And now we know~~ ^{Today's} *investigation confirms this - -* that the train ~~was~~ ^{crashed} because of a broken axle. Five *killed; 90 injured.* ~~passengers were killed in the smash - but it was very~~ ~~lucky that there were no more fatalities. The ninety who~~ ~~were injured - are happy to be alive.~~

We tend to think of Oxford ~~University~~ as a staid
~~old institution~~ ^{University -} where the sons of the ^{British} aristocracy go ~~to~~ ^{ix}
~~get~~ ^{search} a classical education. But a dispatch from that historic
 English town - reminds us that more than the study of Latin
 and Greek goes on at Oxford.

Last night, the very exclusive Trinity College
 "Claret Club" was ~~holding one of its typical meetings.~~ ^{in session - a}
~~A~~ ^a select group ^{of scholars,} downing their drinks until the ~~small~~ ^{wee} hours of
~~the morning.~~

~~At two A.M. they decided to pay a visit to the Dean.~~ ^{- inspired by said claret -}
~~And they did.~~ ^{When} They found ~~him~~ in bed - and ~~was~~ ^{not in any mood} all inclined
~~to take part in the festivities.~~ ^{join} They told him that he
 was going to have to jump ~~me~~ into the Trinity Duck Pond. ~~But,~~
~~apparently they were staggering a little too much,~~ ^{themselves were wearing} and they
 couldn't get ~~him~~ ^{the Dean} out of ~~his~~ room. ~~They just staggered~~ ^{Finally if they went -}
~~out themselves~~ ^{to} and slept it off.

But today, the President of the "Claret Club", ~~was~~
 Fred Bradley, was →

from Oxford, ~~Fred Bradley~~ ^{The} Claret Club ^{President} ~~Bradley~~ suspended, ~~Frederick Bradley~~ protests, ~~that~~ ^{and} it was just a

"courtesy call" on the Dean - but the Dean didn't see anything courteous about it. So ^{the} President ^{of the Claret Club} ~~Bradley~~ will be

away from Oxford for the ~~next~~ ^{Plenty of time} three months. ~~which ought to~~

^{to think things over and} ~~give him a chance to sober up, anyway.~~ Henry.
