

Malaysia

Malaysia is really the headquarters of our China Province. The Provincial House, the Catholic High School, the Brothers residence and the Scholasticate are all here at Petaling Jaya. It also serves for our retreats. We have no more Brothers in Ipoh. We still have hope for vocations from Melaka and its Catholic school, which is also a source of vocations. The only other large school in the Province is the one in Sibu, Sarawak, where we have been working for over thirty-five years.
