

L. T. OLDS. WEDNESDAY, MARCH 27, 1963

Good Evening Everybody:

The Soviet Union today berated Washington.

Calling it responsible for the Cuban refugee attack on

Monday - on that Russian ship. The freighter anchored

in the Cuban harbor of Isabella - La Sagua.

*Accusing us of giving aid and comfort - to the
refugees in the form of weapons, ships, and bases.*

*Causing, says Moscow, A "dangerous aggravation" of the
situation. Violating, says Moscow, the Kennedy-*

Khrushchev agreement on Cuba, Moscow demanding

*resolute measures for preventing similar provocative acts
in the future.*

*The State Department replying, that it is
doing "every thing it possibly can to prevent these raids,*

RAIDERS FOLLOW MOSCOW

WHILE THE RUSSIANS WERE PROTESTING ONE ATTACK- THE CUBAN
EXILES WERE LAUNCHING ANOTHER. THEY SAY - THEY ~~XXX~~ SANK ANOTHER
RUSSIAN FREIGHTOR, IN THE PORT OF CAIBARIEN - NEXT TO ISABELA
DE SAGUA. THE ATTACK CARRIED OUT BY A SINGLE ATTACK WAR-SHIP-
WITH A MINIATURE MOTOR BOAT AS CARGO. THE MOTOR-BOAT'S BOW
- PACKED WITH POWERFUL EXPLOSIVES.

THE RAIDER APPEARING SUDDENLY- AT THE MOUTH OF THE PORT.
RELEASING ITS DEADLY MISSILE - THEN FLEEING. THE CONTRIVED
TORPEDO, HITTING ITS TARGET- ,THE SOVIET FREIGHTER. BLOWING A
HOLE - BELOW THE WATER LINE. SENDING KHRUSHCHEV'S CRAFT -
TO THE BOTTOM OF THE CUBAN HARBOR.

BRAZIL

The attitude of the Brazilians toward that Red Congress appears to be getting stiffer. Last night anti-Communist Governor Lacerda booted the comrades - out of Rio. Tonight security police are stationed at the airport. Inspecting the papers - of incoming Reds. Hustling suspicious cases - off to the lock up.

Nor are the Brazilian people rising to the Red bait. No mass rallies to support Communist agitators. No turning of economic grievances into riots against the Government. In fact, there were only five hundred of the party faithful - at last night's meeting of the Red Congress, hardly enough for a respectable "Viva!": At references to Castro and Khrushchev.

BIDAULT

Ex-Premier Bidault, still looking for a country where he can both live and conspire.

First it was Bavaria - that felt queasy about Bidault. Then - to Lisbon - where he heard the same thing from the Portuguese. And he is likely to hear it again - in South America.

In Milan, Italy, four new cases.

In Pittsburgh a man is being treated who visited Switzerland last month.

Meanwhile the Swiss Army, hunting for the source of the epidemic - are almost sure they have

found it. A broken conduit in the main street - the

cause of all this misery. The pipe affecting only water

supplies in the lower part of the village - where most

of the cases developed.

TYPHOID

The typhoid epidemic which began in Zermatt seems to be spreading. Outbreaks reported in such seemingly unrelated places as Edinburgh, Scotland and Pittsburgh Pennsylvania. Also two cases at another ski resort - St. Moritz. In London, a third death from the epidemic. A British tourist who skied in Zermatt a month ago. In Milan, Italy, four new cases.

In Pittsburgh a man is being treated who visited Switzerland last month.

Meanwhile the Swiss Army, hunting for the source of the epidemic - are almost sure they have found it. A broken conduit in the main street - the cause of all this misery. The pipe affecting only water supplies in the lower part of the village - where most of the cases developed.

VOLCANO

Here's a scientific explanation - of what happened on the exotic, romantic island of Bali. The Balinese fire mountain, Genung Agung - is what the volcanologists call an "acid mountain". The interior of the cone - very narrow. The molten magma, laced with acid - highly explosive.

Terrific pressures building up inside, instead of lava gradually seeping out, as in the case of Mauna Loa in Hawaii. An acid mountain remains entirely quiet. And then blows it's top - with an earth-shaking explosion.

Bali's Genung Agung had been quiescent - for over a century. The pressure increasing all the time - although no-one realized it. The people of Bali, taken by surprise - when their volcano erupted. Some fifteen hundred Balinese losing their lives.

STRIKE

WITH THE STRIKE AGAINST THE NEW YORK NEWSPAPERS GRINDING
TO A HALT - THE EFFECT^S OF THE WALK-OUT REMAIN TO BE TABULATED.
AS YOU KNOW, MILLIONS OF DOLLARS WERE LOST DURING MORE THAN
THREE MONTHS - WHEN THE BIG CITY WAS MINUS ITS PAPERS. THE LOSS
FELT, FROM SUBURBAN STORES - TO THE CANADIAN LOGGING INDUSTRY.
AND SOME EFFECT^S - ARE PERMANENT. THE PRICE OF THE PAPERS, FOR
EXAMPLE. THE TIMES, FIRST TO ANNOUNCE AN INCREASE - FROM FIVE TO
TEN CENTS. DITTO - FOR THE HERALD TRIBUNE.

MOON

SOME AMERICANS WANT TO BECOME FAMILIAR WITH- COPERNICUS.
NO, NOT THE ASTRONOMER WHO PROVED THAT THE EARTH MOVES AROUND
THE SUN- BACK IN FIFTEEN FORTY THREE. THIS COPERNICUS IS A CRATER
ON THE MOON - NAMED AFTER THE GREAT POLISH SCIENTIST . DOCTOR
EUGENE SHOEMAKER, OF THE ^SPACE ADMINISTRATION, ANNOUNCING - THAT
OUR ASTRONAUTS WILL BE HEADED FOR ^{the crater of} COPERNICUS, ON THEIR FIRST
FLIGHT TO THE MOON.

BANK

51
THE WAY THE WORD " MILLION" WAS BEING USED IN SAN FRANCISCO
TODAY- YOU WOULD ^{have} THOUGHT THEY WERE TALKING ABOUT A FEDERAL RESERVE
BANK. AND, THEY WERE. THE WORD " MILLION" APPLIED TO THE ERROR
AT THE BANK- A MILLION TO ONE SHOT. ALSO TO THE EVIDENCE IN THE
CASE - TREASURY CERTIFICATES ^{worth} OVER SEVEN MILLION DOLLARS.

THE CERTIFICATES DISAPPEARING FROM THE BANK VAULT -.
NOT STOLEN, OR THEY WOULD HAVE BEEN CASHED- WHEN THEY FELL DUE.
A THOROUGH CHECK, TURNING UP- ABSOLUTELY NOTHING.

1/2
THE MILLION TO ONE SHOT ? THE GUESS IS THAT WHEN NEW
ENVELOPES WERE FILLED AT THE BANK - NOT ALL THE OLD ONES WERE
EMPTIED. AND SINCE THE OLD ENVELOPES WERE BURNED - SO WERE THEIR
CONTENTS. ^{greenbacks} SEVEN MILLION ^x GOING UP IN SMOKE.

SCHOOL TEACHERS

Prime Minister MacMillan is having his troubles these days. Barred from the Common Market his plan for an Airborne Nuclear Deterrent ruined. When America scrapped Skybolt. Unemployment rife - exaggerated by the worst winter in two hundred years. Labor riots, by-elections - which Labor seems sure to win, if you can believe the Laborites. And now - the school-teachers, five thousand of them - marching on Parliament. Of course it was raining. The teachers from all over England - demanding pay raises. Carrying signs reading "Teachers problems are coming to the Boyle" - spelled B O Y L E meaning - Education Minister Sir Edward Boyle.

And now our Merry Oldsmobile emissary and plenipotentiary Richard Noel!

VATICAN

OLDS, THURSDAY, MARCH 25, 1982

The mystery at the Vatican

The entire papal police corps in renaissance dress - haunted by, and hunting, a phantom bell ringer.

Training binoculars on - the pilgrims church. And

the cemetery facing it. Dashing to the scene - when

ever the church bell rings. Finding - the rope still

dangling and the bell reverberating. But, no ringer.

And so Billie Sol Estes is convicted. A

swindler to the tune of twenty-four million dollars. The

former boy wonder of lone star finance, guilty of

defrauding farmers and finance companies.
