THE SOVIETS, JOINED BY THEIR PUPPETS OF EAST GERMANY. BUT THE EXPERTS DON'T AGREE - ON WHETHER THIS IS A REAL THREAT TO WEST BERLIN. IS KRUSHCHEV REALLY GETTING SET - TO SEIZE THE WESTERN SECTOR OF THE CITY? OR COULD THIS BE JUST ONE MORE MOVE IN HIS WAR OF NERVES AGAINST THE FREE WORLD?

CAMPAIGN

November promises to be a lively month - for Americans. Both Presidential candidates, as you know vowing - an all out fight. Yesterday, the Democrat is nominee saying he'll start his drive in Alaska and Hawaii - then swing on to the other forty-eight states.

TIBET

The Communist reign of terror in Tibet is increasing in terror. So reported in Katanandu, Nepal - by a Tibetan Lama, who has just escaped from the roof of the world. Thunduf Tembush - who used to be the head Lama of the Nyas-Yank Monastery near Lhasa.

According to this high Lama, the Reds have a special concentration camp for monks, members of the Tibetan heirachy who have lead the revolt against the Communist occupation. In this camp four thousand monks used for slave labor.

A thousand of them - adopting passive resistence, refused to work even under the Lash. So the Red commandant - had them starved to death, and thrown into a mass grave.

The remaining three thousand monks - starting a rebellion. Killing their guards, seizing their weapons. Breaking out of the concentration camp. Scattering into

the mountains. Thunup Tembush, one of these. He and a few others, making the long trek through the Himalayas to safety in Nepal. Bringing news to the free world that the Communists are still committing Genocide in Tibet.
