

BECH FAMILY HISTORY

Architectural Drawings for Greystone

The buildings which were built during Edward Bech's life were: a wooden barn for his horses, which was later destroyed, a carriage house now known as Greystone, a gardiner's residence now known as St. Peter's and a gate house now known as the Kieran House.

On the top floor of Greystone is the college president's office. The first floor contains the office of the executive assistant to the president and the ground floor houses the ecommerce lab.

The above drawing shows the wooden barn which was located where the present Marian dormitory now exists.

From the beginning, Marist Heritage has been a collaborative effort.

We appreciate the contributions of the Marist Brothers and the Marists All community, who by supplying information and personal memories, have given vitality, scope and depth to this project

Under the guidance and direction of Dr. Brian Henry Desilets, the initial web pages were designed and created by the following Marist College students: Michele van Brero (Hermitage, St. Peter's, Kieran Gate House, Greystone, Marist Brothers Builders, Our Lady Seat of Wisdom Chapel).....Tage Haun (Bech Homestead, Marian, Donnelly).....Fang Fang Xu (Boat House, Byrne House, Kirk House).....Courtney Gutt (Bech Family History).....Vij lyer (Cemetery).....Rahkee Chopra (Fontaine Hall).

All the final Marist Heritage web pages were either created, revised, rewritten and/or reshaped by John Patrick Noone, who is solely responsible for any errors contained therein.

We thank Richard Branigan for proofreading the Marist Heritage web pages.

We recognize the contributions of our consultants: John Ansley for his input on the format and contents of the various web pages. Also Victor VanCarpels for his frequent consultations and guidance in the graphics included in this CD. His patience and dedication while working with us made the overall results more professional.

We are grateful to Barbara McMullen for the use of the Ecommerce facility at Marist College.

We are indebted to the McCann Foundation which provided the funds necessary to make this project a reality.
